## WITH BELOVED ROUGH RIDERS

### PRESIDENT AT REUNION OF OLD COMMAND

**Trip of Chief Executive Through  
Texas Continual Ovation—  
Visits Capital—Novel Incident  
at Temple.**

San Antonio, Tex., April 6.—After an eventful trip across a large portion of Texas President Roosevelt arrived in San Antonio at 8:30 to night. He was greeted with cheers from thousands, and the lusty "hurrahs" of his old comrades in arms, the famous rough riders, who are holding their annual reunion near the crumbling walls of the historic Alamo, could plainly be heard above the din.

The president's train was run on a siding near the depot, where it will remain until tomorrow night, when the visitors will leave for Fort Worth.

The president's train left Dallas at 5:30 this morning. The first stop was at Hillsboro, where practically the whole population of the town turned out. The president spoke briefly and was given a cordial reception.

When the train reached Waco cannon were fired and bands played patriotic airs. The area about the depot and railroad yards was packed with humanity. The president was escorted to a stand in the city park nearby. His appearance was the signal for a remarkable demonstration. Thousands of tiny American flags were waved and it was several minutes before the president could begin his address. The president returned to his train with difficulty so great was the crowd. As the train moved away he stood upon the rear platform and waved his hand to the people.

The train glided swiftly across the plains of north Texas and at noon entered the fertile valley of the Brazos. Several short stops were made, and one especially interested the president because of the manner in which it occurred. When the citizens of Temple learned the train would stop at their city a hurried call of the city council was requested. The city fathers immediately passed an emergency ordinance requiring the train to stop at the depot three minutes. When this news was telegraphed the president he laughed heartily and seemed pleased. He immediately issued instructions that the stop be made. Nearly the total population of the little city was on hand and the greeting accorded the chief executive was most hearty.

At Taylor, the train was switched to the International & Great Northern and the run to Austin began. The capital city was reached at 2 o'clock and President Roosevelt was met at the depot by Governor Lanham, Lieutenant Governor Nell and a committee of citizens and members of the Texas legislature.

The president was in excellent spirits. He expressed himself as being most pleased to arrive in Austin under such auspicious circumstances. The entire party was placed in carriages and driven to the state house, where President Roosevelt made two speeches, one in the hall of representatives and the other on the lawn.

The president was taken for a drive over the city. The streets were so crowded that it proved a difficult matter for the militia to control the vast throng. School children of the city, both white and black, were lined up for review along the line of march and cheered lustily as the president passed.

One of the most enthusiastic demonstrations of the day occurred at New Braunfels. When the special train arrived there it was surrounded by a dense mass of cheering people anxious to greet the chief executive. New Braunfels is a German settlement, and is noted for its thrift and enterprise, and the president spoke encouragingly to the people, who cordially applauded his utterances.

The long ride was brought to an end when San Antonio was reached shortly before 9 o'clock.

**ROOSEVELT'S SPEECH.**  
San Antonio, Tex., April 6.—President Roosevelt in his speech before the legislature stated his position regarding railroads.

"On the whole there have been few instruments in the economic development of the country which have done more for the country than the railroads," he said. "I do not wish in any shape or way to interfere with legitimate gain of any of these great men whose special industrial capacity enables them to handle railroads so as to be of profit to themselves and of advantage to all of us. I should be most reluctant—I will not it stronger than that—I should absolutely refuse to be a party to any measure, to any proposition that interfered with proper and legitimate prosperity of those men, and I should feel that such a measure was aimed not only at them, but at all of us, for an attack upon legitimate prosperity of any of us is in the long run sure to turn into an attack upon all. With that proviso (as to which I ask you to remember that I mean literally every word), let me further add that the public has a right, not a privilege, but in my view a duty, to see that there is in its behalf exercised such supervisory and regulatory power over railroads as will insure that while they give

fair treatment themselves they get it in return.

"Proper exercise of that power is conditioned upon securing of proper legislation, which will enable representatives of the public to see to it that any unjust or oppressive or discriminating rates are altered so as to be a just and fair rate and are altered immediately.

"I know perfectly well that when you give that power there is a chance of its being occasionally abused. There is no power that can be given a representative of the people which it is not possible to abuse. As every one knows, the power of taxation, which must, of course, be given to representatives of the people, is power of death, for it is possible to kill any industry by excessive taxation. There must be a certain trust placed in common sense and common honesty of those who are to enforce the law. If it ever falls, and I think it will, to my lot to nominate a board to carry out such a law, I shall nominate men, as far as I am able, on whose ability, courage and integrity I can count; men who will not be away by any influence whatever, direct or indirect, social, political or any other, to show improper favoritism for railroads, and who, on the other hand, if a railroad is unjustly attacked, no matter if that attack has behind it a feeling of prejudice of ninety-nine per cent of the people, will stand up against that attack. That is my interpretation of the doctrine of the square deal."

No public utterance has been made by the president in regard to the German note in relation to the "open door" demanded by Germany for Morocco nor to any other subject of international importance. Sometimes these subjects come up in conversation, but the president comments that Secretary Taft is keeping well in touch with the situation.

## SYMPATHY STRIKE

### Teamsters Quit Work to Help Striking Garment Workers.

Chicago, April 6.—In sympathy with striking garment workers union teamsters to night ordered a strike against Montgomery Ward & Co. The teamsters demanded differences between the striking garment workers and Montgomery Ward & Co. be arbitrated. B. R. J. Thorne, manager of the firm, stated that there was nothing to arbitrate and that no body representing the strikers had called upon him to attempt to settle the strike since it was called last November. Simultaneously with the calling of the strike was a meeting of the Railway Express association, where the situation was discussed. It was held the express companies were common carriers and as such they could not refuse to deliver goods for any firm without making themselves liable to damage suits. Drivers employed by express companies were then notified that refusal to deliver freight to Montgomery Ward & Co. would result in discharge.

## AFTER INFORMATION

Washington, April 6.—French Ambassador Jusserand called on Secretary Taft to day to make inquiries relative to the visit of the German ambassador yesterday and representations the latter made relative to Morocco. He was informed Von Sternberg's note had been forwarded to the president. Jusserand assured Taft there was an "open door" policy in Morocco now and there were no intentions on the part of the French government to alter that policy.

## HANGING PRISONERS.

Constantinople, April 6.—Muslims of Uskub province, Macedonia, exasperated at the government's inaction against marauding bands, have taken to lynching prisoners. Nine servants have been hanged.

## TURKISH LOAN.

## ATTEMPT TO BURN PROPERTY.

Lexington, Ky., April 6.—Five attempts Sunday and to day to burn Rucker hall, the girls' dormitory of the Georgetown college, the largest Baptist institution in the south, have just come to light. College authorities believe girl students started the fires.

## CHRONIC BRONCHITIS CURED.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorency, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." For sale by J. A. Obermeyer, City Drug Store.

## EQUITABLE DIRECTORS

### HELD HARMONIOUS MEETING THURSDAY

**Rumors of Resignations Did Not  
Bear Fruit—Decide to Adopt  
Two Years' Mutualization  
Plan.**

New York, April 6.—Out of fifty members of the board of directors of the Equitable Life Assurance society thirty-eight assembled in the company's board room this afternoon and after a thorough discussion the announcement was made that those present unanimously had decided to adopt the two years' mutualization plan announced several days ago. Rumors of resignations did not bear fruit and it was authoritatively said this afternoon none was tendered. "Everything harmonious" was the tenor of the official statement issued after the meeting by Senator Channock M. Depew and Cornelius N. Bliss. This announcement also said a committee of directors would thoroughly investigate the company management.

The plan for mutualization briefly provides that terms of directors' expiring Dec. 31, 1906, and 1908, shall expire on the last day of December this year, their successors to be elected the first Wednesday in December, 1905. Terms expiring on the last day of December, 1907 and 1908, shall terminate Dec. 31, 1906, and their successors shall be elected the first Wednesday of December, 1906. There will be thirteen directors in each of the four classes into which the board is divided, six to be filled by stockholders and seven by policyholders. There will be conferences with the state superintendent of insurance and with the policyholders' committee by a committee headed by Senator Depew, relative to filling the two existing vacancies in the directorate by the policyholders. These two men to be members of the executive committee. These conferences also will take up the appointment of two more members of the executive committee by C. N. Bliss. A conference will follow on the plan previously suggested as to resignations of four of the present executive committee to make room for new members.

A new feature in the Equitable matter is the resolution adopted for the appointment of a committee of seven, headed by E. H. Harriman, to thoroughly investigate the Equitable affairs.

The original plan for mutualization of the company provided that it should be accomplished in four years, but after last week's sessions with the state superintendent of insurance this was amended to make the time two years. The two-year plan was acquiesced in by Mr. Hyde. The plan begins to take effect next December.

## SPINAL MENINGITIS

New York, April 6.—Experiments carried out at Governor hospital in this city have resulted in the decision by the medical staff there is no hope of establishing a cure for cerebro spinal meningitis by the use of diphtheria anti-toxin. Meantime the epidemic continues its spread through all the territory within two hundred and fifty miles. There were eighteen deaths Wednesday in Greater New York.

Chicago, April 6.—Five new cases of cerebro spinal meningitis of a malignant kind have been found in Chicago, according to Dr. Class, board of health expert.

## STUDENT ASSAULTED.

Lexington, Ky., April 6.—Early to day William G. Peters, of Kansas City, a student at the Kentucky State college, was found lying on the sidewalk near the dormitory in an unconscious condition. It is believed he was assaulted, the trouble growing out of rivalry between college athletic associations.

Peters was not so seriously injured as at first reported. He appeared in police court to day to prosecute J. E. Wallace, a fellow student, who was fined \$20 and costs, but the fine later was remitted by the mayor.

## HEALTH OF PRISONERS.

Springfield, April 6.—Dr. Egan of the state board of health, has gone to Joliet, where he will join other members of the board to investigate the health of inmates of the penitentiary. With tuberculosis increasing as it has been in the past few months it is the belief of the state board of health it will be practically impossible to prevent the spread of the disease now there and others who may come into the prison in the future.

## CLAIM PERJURY

### Witnesses Before Beef Trust Grand Jury Said to Have Sworn Falsely.

Chicago, April 6.—Preparations are being made, it is said, by the federal grand jury investigating the so-called beef trust to indict certain witnesses who have appeared before the inquisitorial body on charges of perjury and for interference with other witnesses. Evidence tending toward positive information that some prominent witnesses had committed perjury on the witness stand before the jury is said to have been produced to day and word was sent to Springfield for Judge Humphrey to come to Chicago. The jury was empaneled by Judge Humphrey, and it is asserted, he was summoned for advice concerning the proposed perjury charges. It is the general belief that some important development is to be expected within a short time.

Fifteen subpoenas were issued to day for additional Chicago witnesses whose names have been secured by secret service men. These witnesses, it is asserted, have been summoned in connection with the supposed attempt to show perjury has been committed.

As soon as Judge Humphrey arrived in Chicago he went into conference with District Attorney Morrison and Attorney Pagan and soon afterward the new subpoenas were issued and given to deputy marshals for service.

Eight witnesses testified to day, but nothing is known as to the nature of their evidence.

## KILLED BY GAS

### Four Lives Lost in New York Tenement House.

New York, April 6.—Four persons were killed by illuminating gas this morning from a defective stove in a tenement house in the upper east side. They were: Mary Rogers, 75; Helen Clark, 12; Kate Clark, 10; Elizabeth Clark, 7. The bodies were found by the father of the children, who, with his wife and young son, occupied an adjoining room.

## GIVEN A HEARING.

Washington, April 6.—Governor Cummins and a number of others interested in the Fifteenth and Sixteenth regiments of Iowa volunteers on Shiloh battlefield had a hearing before Secretary Taft to day with the object of securing a change in the inscription on the tablet heretofore recommended. The secretary has referred the matter to three officers of the general staff for investigation and report.

## RAILROAD ACCIDENTS

Washington, April 6.—The report of railroad accidents in the United States during the months of October, November and December, 1904, as compiled by the interstate commerce commission, shows a total of 243 persons killed and 3,228 injured in train accidents. Other accidents not the result of collisions or derailments during the total to 351 killed and 14,027 injured.

## EXPOSITION COMMISSIONERS.

Springfield, April 6.—Governor Deneen to day appointed the commission which is to have charge of the Illinois exhibit at the Lewis and Clark exposition at Portland, Ore., this summer. The state appropriated \$35,000 for a building and exhibit. The commissioners are: P. A. Peterson, Rockford; Cyrus Thompson, Belleville; J. W. Slips, Champaign; Rueben P. Tiffany, Presport; Richard E. Corrigan, Chicago; Frank L. Shup, Newton; Fred H. Hand, Cambridge.

## MURDER AND SUICIDE.

Huntsville, Ala., April 6.—B. A. Ballard was fatally wounded here to day by Miss Oma Hardie, his sweetheart, who followed her attack upon him by killing herself. The tragedy resulted from a lovers' quarrel.

## MONUMENT UNVEILED.

## RUSSIAN REVOLUTIONISTS

### DEMANDS MADE BY THE PARTY

**Thousands of Copies of Their  
Program Printed and Circulated—Large Area in State of  
Excitement—At Warsaw**

Moscow, April 6.—The central committee of the social revolutionary party has drawn up a document containing the main points of its program and of this hundreds of thousands of copies are being printed for circulation in all parts of European Russia. It demands the institution of a democratic republic with broad autonomy for provinces, municipalities and communes; the widest application of the federative principle of relations between the various nationalities; direct secret universal ballot without distinction as to sex, nationality or religion; proportionate representation; direct popular legislation, with initiative and referendum; electability, responsibility and removability of all officials; separation of church and state; complete freedom of conscience, speech, press, assembly and association; right to strike; compulsory, popular and gratuitous education; abolition of standing army and substitution of national militia; eight-hour day; minimum wage scale; state insurance for all at expense of state and employers; socialization of all land or such approach to abolition of private ownership as is practicable, including sequestration of crown, church and state lands, turning them over to communes, limitation and conversion of rents into income tax, payable to the communes; progressive income and inheritance taxes, inapplicable to small incomes; abolition of indirect taxes and protective system except as to objects of luxury. The document urges the summoning of a constituent assembly, in which it proposes to conduct the campaign for dissolution of the autocratic regime and transformation of the existing order.

**BECOMING EXCITED.**  
Samara, Russia, April 6.—An exchange here representing commercial connections over a region inhabited by seven million people has telegraphed the minister of interior the whole area is in a condition of extreme excitement; that a terrible catastrophe is only avoidable by immediately summoning representatives of the people in accordance with the terms of the imperial rescript.

## AT WARSAW.

Warsaw, April 6.—All persons participating in disorders will be tried by martial law. The new regime commenced yesterday, when two workmen were thus tried for attacking policemen and condemned to death.

An extraordinary case of wholesale poisoning occurred at a cotton mill at Pabianice. Seventy girls in the coloring department were taken suddenly ill and thirty were taken to a hospital in a dangerous condition. Investigation showed the illness due to argenic having been sprinkled through the room by unknown miscreants.

## REPORT DENIED.

St. Petersburg, April 6.—The chief of the imperial police at Tsarskoe Selo gives absolute denial of the report to the effect a stranger disguised as a colonel of Cosacks who entered the palace, Monday had been arrested and that two small bombs were found concealed upon his person.

## JAPANESE REPORT.

Tokio, April 6.—The imperial army headquarters, reporting to day, says: "Part of our Kanyan forces engaged in driving the enemy occupied Kuyushu April 4. On the morning of the 4th the enemy with mounted artillery and machine guns opened a bombardment on Chienchenan. Simultaneously a large force of infantry deployed to cover both our flanks. They approached within four hundred meters of our position, but at six in the evening we entirely repulsed them. Our loss was twenty-five men wounded. The enemy's loss is uncertain; estimated at over two hundred killed and wounded."

## TOGO'S FLEET.

Chicago, April 6.—A special to the News from Batavia, Java, says Togo's fleet was sighted this morning, south of the island of Mindanao, southernmost of the Philippine group.

## WAR REPORTS.

St. Petersburg, April 6.—Invalid Russian who left Mukden March 20 report the Hun river bridge had not been restored. The Japanese in removing Russian wounded from Mukden carried them as far as the river in bamboo litters and entrained them on the further side.

Russian medical army officers recognized in the adjutant of Okura's fifth division a former professor of languages in the seminary of Vladivostok. They also met other Japanese officers who formerly were in Russian service in Manchuria.

## SENTENCED TO PRISON.

## MAKE EXAMINATION

### Volcano Becoming Active on Is- land of St. Vincent.

Kingstown, island of St. Vincent, April 6.—In view of the fact that earthquake shocks were experienced on the islands of St. Christopher, Dominica and Antigua and at Pointe-a-Pitre, Guadeloupe, and of prevalence of intense heat here, the chief of police and two constables on April 3 ascended La Soufriere. They report that they found the area of the lake diminished and that they met with water green and boiling on the north side of the lake, steam rising from all over the lake for the first time since the great eruption of 1902. Steam was also exuding from a large crack in the lip of the crater. The party was alarmed by a sudden disturbance which caused the water in the lake to change color to a dirty red. As the subterranean activity seemed to be increasing, the party hastened away.

## SMITH SUSTAINED

### Leader of Mormons Upheld by Members of Chu ch.

Salt Lake City, April 6.—Joseph Smith was sustained as prophet, seer and revelator by unanimous vote of members of the Mormon church at the opening session of the annual conference to day. When the vote was taken to sustain the twelve apostles two hands were raised in dissent. One of the dissenters arose to explain his vote, but was not permitted to speak. President Smith merely stating he could present his objections to the proper authorities. The incident created a sensation. Members who dissented stated afterward that they desired to protest against sustaining such officers of the church as live in polygamy.

President Smith in his address referred to some recent criticisms of the policy of the church under his leadership. Speaking of his critics, the president said they were "the bulls, cardinals and other excrements of the body of the organization." In such instances, he said, there was "but one thing to do—what the surgeon does with a patient thus affected—cut them out and off." He reviewed financial affairs of the church and expenditures in foreign lands and said the church would soon be free from debt.

Salt Lake City, April 6.—The seventy-fifth annual conference of the Mormon church opened to day in the tabernacle and will continue until Sunday. Apostle Reed Smoot is not in attendance.

## DUNNE TAKES ACTION

Chicago, April 6.—Mayor-elect Dunne to day received a reply to the cablegram sent yesterday to the lord provost of Glasgow asking that the manager of the municipal tramways of that city be given a month's furlough to visit Chicago and advise with Dunne regarding the street car situation in Chicago. The provost accedes to the request and says the manager will leave about May 10.

## ENEMY OF CONSUMPTION.

Washington, April 6.—"Tapeworm is a natural enemy of the germ of consumption and the latter cannot exist when the other is present," says Consul Canada at Vera Cruz, Mexico, in a report just received at the state department. The consul states that two eminent scientists have discovered tapeworm prevents organism from being infected with tuberculosis bacilli and it has been proved in the case of a consumptive affected with tapeworm that he completely recovered his health. To establish the efficacy of this remedy the doctors injected a liquid prepared from the taenia into several consumptives—which resulted in complete cure.

## CONVICTED OF MURDER.

Chicago, April 6.—Frank Gagen was to night convicted of the murder of Detective James Keefe early in January, and sentenced to life imprisonment. Keefe was killed during a battle which followed an attempt to arrest Gagen and a companion. Gagen's companion was also killed.

## FAST RUNNING.

Boone, Iowa, April 6.—Engineer Ward of the Chicago Northwestern railroad has broken the record on the eastern Iowa division of that road by driving his engine from Clinton to Boone, a distance of 202 miles, in 139 minutes.

## CRITICALLY ILL.

Pittsburg, April 6.—Rev. David P. McGill, principal clerk of the United Presbyterian general assembly, is critically ill from dilation of the heart following an attack of la grippe.

## GIF FROM CARNEGIE.

Galesburg, April 6.—The authorities of Knox college to day announced the gift of \$50,000 by Andrew Carnegie to that institution for a new science building.

## SENTENCED TO PRISON.

Minneapolis, April 6.—Alexander E. Granville O'Grady was sentenced to one year in Stillwell prison to day. He was charged with sending a threatening letter to President Roosevelt. Gordon asked for leniency, saying he was under the influence of cocaine at the time and promised to reform.

## IN DEFENSE OF ROCKEFELLER

### STATEMENT BY SOLICITOR OF OIL COMPANY

**Claims Many Are Prejudiced  
Against Oil King by Sensa-  
tional Writers—Brands Va-  
rious Reports as False.**

New York, April 6.—S. C. T. Dadd, chief solicitor of the Standard Oil company, gave out a statement to day with reference to the recent discussion as to acceptance of the gift of \$100,000 offered by John D. Rockefeller for missionary work.

Dadd declared the statement that Rockefeller made his money dishonestly "is false; is vile and being made by ministers in the pretended interest of morality is doubly false." Dadd then says the Standard Oil company does not own a share of railroad stock, does not control any railroad company and that since the enactment of the interstate commerce law has not received lower rates than other shippers by rebates, arrangements, devices or plans of any character. The testimony of Howard Page, freight agent of the Standard Oil company, before the industrial commission is quoted in this connection. With reference to gas and copper companies Dadd says:

"No doubt many have been prejudiced against Rockefeller by sensational writers whose articles, accompanied by portraits and caricatures are intended to create the impression that Rockefeller was the principal in affairs relating to the organization of gas and copper companies, although no fact showing such connection is stated. The Standard Oil company has already denied that it had any connection or interest directly or indirectly in the organization of these corporations and on the best of authority the same denial is now made for John D. Rockefeller. He had no connection with or interest in, directly or indirectly, the organization of these corporations."

## MEETING OF RULERS

Naples, April 6.—King Victor Emmanuel arrived here to day from Rome, accompanied by Foreign Minister Tittoni and Naval Minister Miraballo, to meet Emperor William. Their majesties embraced and kissed each other in the most cordial manner. The whole party lunched on board the Hohenzollern.

Paris, April 6.—King Edward and President Loubet reached Paris at 6:40. The meeting between the king and president at Piere Fite, the railroad station outside of Paris was most cordial.

## SURROUNDED BY MYSTERY.

Paris, April 6.—Much mystery surrounds the arrest of an ex-captain of the army on a charge of conspiracy against public security and seizure in the same connection of a large number of cartridges and uniforms. Parties concerned seek to explain that it was intended to use the arms in a mission to the Ivory coast, but activity of secret police leads to the report of a plot against security of the government. Authorities minimize the affair. Names of prominent officers of the army are mentioned in connection with searches which the secret police are still pursuing.

## FIRE LOSSES.

Whitehear, Minn., April 6.—The entire plant of the Berlund Lumber company burned to day. Loss, \$30,000.

Buffalo, N. Y., April 6.—Fire, which broke out in the basement of the White Elephant restaurant on Main street to day, communicated to the upper floors occupied by the Rialto hotel. All of the forty-four guests have been accounted for, but several were obliged to jump to the pavement and others were assisted to escape by firemen. Loss, \$40,000.

## SENATOR PLATT'S CONDITION.

Washington, April 6.—The attending physician said to night the condition of Senator Platt was not so favorable as it had been, there being a return of the trouble in one lung. Late in the afternoon his condition was quite serious, but there was a slight improvement when the doctor saw him at 8 to night.

## WOMAN'S BOARD OF MISSIONS.

Rockford, April 6.—The Illinois branch of the Woman's Board of Missions to day elected: President, Mrs. George M. Clark, Chicago; corresponding secretary, Mrs. Charles J. Dodgeson, Chicago; treasurer, Miss Katherine E. Dickerman, Rockford; auditor, Miss Frances Todd, Rockford. The meeting next year will be held in Decatur.

## KILLED HIS STEPFATHER.

## CITY COUNCIL

### REPORT OF THE PARK COMMISSIONERS PRESENTED

**Old Engine House Building to Be Repaired—Dam at Morgan Lake to Have Attention—Other Matters Considered.**

The council met Thursday evening and transacted routine business. Reports of city officers were read and placed on file and all properly approved claims against the city were ordered paid. The repairing of the old engine house property on West Morgan street was again considered and it was voted to have the building placed in suitable repair. The report of the Nichols park commission was read and placed on file. The report reviewed the work of the park board for the past year and showed the work that had been done and outlined the policy to be pursued for the future.

The condition of the dam at Morgan lake was discussed and it was the sense of the council that the matter should have prompt attention. The condition of Rount street was brought before the council and Mr. Cunningham, a resident of the street was present and addressed the council. It was the contention of Mr. Cunningham that the street had been narrowed fifteen feet at the west end and he asked to have the same remedied and stated that the property owners on the thoroughfare were determined to have this step taken and that if the council was unwilling to move in the matter action would be taken by a court proceeding.

Several reports were submitted by the chairman of the highway committee regarding needed repairs, and the reports were accepted.

It was voted to pay the man in charge at the city dumping ground a salary of \$5.00 a month. Mr. Collins, the man who has had charge there, has not been receiving any compensation and this step was taken in order that some one might exercise supervision at the place.

Other matters of minor importance were acted upon.

**THE PROCEEDINGS.**  
The city council met in regular session Thursday evening, with all members present.

The minutes of the last regular meeting were read and approved. The clerk read a petition from Virginia Anderson, asking permission to lay a brick walk on Lafayette avenue. Same granted.

Another petition by Ed Keating, asking to lay a brick walk on East North street, was read. Same was granted.

Another petition to lay a concrete walk on Hardin avenue by Mary Dyche, was granted.

A petition to connect with the city sewer at City Place and city limits, by George W. Fox and Dr. A. S. Lovine was read. Same granted.

The clerk read a communication from the city attorney regarding the lessors of the old fire engine house, giving his opinion as to the obligations of the city in the matter of repairing the damage to the building.

Ald. Moore spoke in favor of having the city repair the building.

Ald. Goveia was of the same opinion and the alderman moved that the matter be referred to the building committee to have the same repaired and put in good condition.

Ald. Vaughn was opposed to the motion. He felt that there might be mitigating circumstances whereby the Telephone company could be held for the repairs of the building. If this is so, it would be a saving to the city. The alderman wanted a more definite report by the city attorney.

Ald. Gobb did not think the circumstances of the case warranted holding the Illinois Telephone company.

Ald. Hildreth favored having the building repaired by the city.

The mayor stated that he felt the city attorney had rendered a clear opinion. He felt that under the conditions existing it was only right that the city should accept the report of the city attorney and then do what in the judgment of the council was deemed proper and just.

Ald. Kennedy stated that he was familiar with the facts in the case and felt that the city should repair the building along moderate lines.

On motion to accept the report of the city attorney and refer the matter to the building committee, with power to act, the same carried; Ald. Vaughn voting no.

On behalf of the Nichols park board, Mr. S. W. Nichols, chairman of the board, presented the following report:

To the Honorable Mayor and City Council of Jacksonville, Ill.—Gentlemen: Commission appointed by your honorable body to care for Nichols park desires to give an account of its stewardship. After the location had been decided on by your committee it was deemed wise to buy the Opperman place in order to complete the shape of the grounds and afford sufficient land and through the wise action of the mayor the land was secured at the low figure of \$5,500, leaving \$4,500 for other purposes.

There was in the place nearly thirty acres of land, with house and large barn. The commission deemed it wise to employ a custodian the 1st of March to remain permanently and care for \$500 a year and furnish a team, to have house and barn and some land for garden and pasture. The present custodian of the place is Louis Fisher, an excellent man for the place. The commission especially needed a superintendent, as the business management and oversight required a great deal of time and attention which no one on the commission was able to give, and the body had the great and unexpected good fortune to secure the capable and efficient services of Mr. Frank Kitter, who has given his valuable time and continues to do so, without charge. Great credit and credit are due the gentleman for his generous and public spirited conduct and he still remains at his post, faithful and interested in the park as much as if it were his own farm and even more so. One of the first things to do in the spring was to turn the unprofitable corn stubble ground into grass. The old superintendent this was done with a crop of oats, which brought in quite a revenue. The most important of the greatest importance and to that end plans were solicited and furnished without cost by Messrs. Coleman, Peterson and Clarence Buckingham. The work of the latter was selected and he donated the drawings and specifications for the structure has been seen by all and you can pass judgment. Next the commission thought a bridge across the dam important and it was constructed at a cost of \$300. The time of the custodian was employed in clearing up and leveling the grounds and in other ways under the capable direction of the superintendent. The lake has been used as far as possible with pleasure craft. Messrs. Cassell Bros. have placed on it a steam launch and Mr. Kitter bought a number of small craft which were hired out at reasonable rates. The gun club has been granted a remote corner of the grounds for a shooting practice, which has proved an attraction and no detriment. No hunting on the premises is allowed and fishing is prohibited except the latter part of the season. The results have been satisfactory.

One of the most important of the permanent eating building, trees, roads and paths. It has been the policy of the commission to lay well the foundations of all the undertakings and work to them in the future. To that end the services of W. C. Peters, of Chicago, one of the best landscape gardeners in the country, were secured and the council is invited to inspect the plans and drawings for the lake and grounds. The commission has prevented much tree planting this spring, but as much as possible will be done while the ground is so favorable. For an eating house it may be the best place on the lake and it will occur proper place and utilized or else it will be torn down and a structure de novo erected as seems wise to the general council. It is the desire of the commission to do all that is possible to make the park attractive to all well behaved persons and make it a popular resort for all people. The experience of the past summer and especially dedication and Labor days shows how well it is appreciated by the people. The greatest drawback is the lack of a street car line, but it is hoped that from some source the want will be supplied. The attention of your honorable body is most earnestly directed to the condition of the lake dam with the hope that it will receive favorable action. The affairs of the commission are always open to the most serious and intelligent criticism. The constant effort is to make all funds go as far as possible and get the best results in all things. The financial report is appended:

## NO SUBSTITUTE

has yet been found for cod liver oil. There are so-called extracts, wines and cordials of cod liver oil that are said to contain the active principles but not the oil itself. This is absurd on its face. You might as well extract the active principles of wheat and make bread with them. The best form of cod liver oil, that can be digested and assimilated most easily, is Scott's Emulsion.

Ald. Goveia moved report of park board be accepted and placed on file.

On motion of Ald. Hildreth all properly approved claims against the city were read and ordered paid.

Ald. Vaughn objected to a bill of J. W. Price for work done on South Church street, but after questioning Ald. Moore and City Engineer Brown withdrew objection to having the bill paid.

The reports of the city officers were read and placed on file.

Ald. Ticknor, chairman of the highway committee, read reports regarding bridges, culverts, grading of streets, etc., needing attention. The reports were approved.

Ald. Babb called attention to the Fulton street crossing.

Ald. Babb also called attention to the crossing needed across the Wabash tracks on Hardin alley. Ald. Babb moved the railroad be notified to have a crossing put in. Same carried.

Ald. Kennedy spoke of the conditions existing on Rount street, claiming Mr. Cherry occupies sixteen feet of the street with his property.

Mr. Cunningham, a resident and property owner on the street, was present and addressed the council. He stated the plat of the city showed the street to be sixty feet wide and at present it has been reduced to forty-five feet. He objected to the stairway of Mr. Cherry, which had been built out over the street, narrowing

it fifteen feet. "As a property owner I beg of you to have this matter remedied. If the matter is not remedied by this council it will be remedied by the courts."

Ald. Goveia stated that he had lived on the street for twenty-five years and that he had never seen it in better condition than at present.

Ald. Ticknor moved the matter be referred to the city attorney and city engineer to investigate and report.

Ald. Johnson called attention to a light on South Sandy street. The matter was referred to the light committee, but no report had been made.

Ald. Hildreth wanted a light on Eney street.

Ald. Moore called attention to the dam at Morgan lake and stated that it needed immediate attention.

Ald. Vaughn thought the cost of fixing the dam properly would reach a large sum, and that it was a matter that should have careful consideration. He suggested the matter be referred to the city engineer to investigate and report.

Ald. Goveia was in favor of fixing the dam and fixing it properly. It is a case that needed attention.

On motion of Ald. Moore, seconded by Ald. Vaughn, the matter was referred to the city engineer to investigate and report.

Ald. Moore, of the sewer committee, reported that the manhole covers on the brook sewer ought to be fastened so people could not open them and cause stoppage.

Ald. McGinnis called up a sewer matter of Mr. Schmalz that had been referred to the sewer committee.

Ald. Moore stated that the fault of the stoppage was due to the fault of Mr. Schmalz.

Ald. McGinnis, of the sanitary committee, called attention to conditions existing on East Lafayette avenue, where parties had been dumping trash.

The mayor called attention to the condition of the public dumping ground. The man now taking care of that received nothing for his services now and had refused to care for it any longer unpaid. The mayor recommended the man be paid \$5 per month, and on motion of Ald. Moore the same carried; Ald. Vaughn voting no.

Ald. Kennedy complained of conditions existing at the brook on Clay avenue, where trash of all kinds was frequently deposited.

The clerk presented a plat of Kirby's addition to Jacksonville.

Ald. Ticknor moved the plat be approved.

Ald. Goveia wanted the matter referred to the city attorney to investigate and report.

Ald. Goveia moved the above as an amendment and by agreement the matter was referred.

Council adjourned.

## CHILDREN

**If You Have Any This Will Interest You.**

"So many little boys and girls come into our store who are weak, thin-legged and hollow-cheeked," said Mr. Allcott, our well known druggist. "It seems a shame to allow them to remain so, for they will grow up into weak, sickly and nervous men and women, without the vitality to work or enjoy life."

"If," continued Mr. Allcott, "the fathers and mothers of such children would believe what we say of Vinol, we would see a great difference in the appearance of the younger generation of this city. You know Vinol is not a patent medicine, and is just the tonic growing children need. It will make for them good, healthy flesh, sound bone, hard muscle and rich, red blood."

"True, Vinol is a cod liver oil preparation, but it does not contain a drop of oil, or any bad tasting feature. It is so delicious that all children love it, yet it actually does contain all the medicinal curative elements found in fresh cod livers, and is the most wholesome and best medicine for children we ever sold."

"We have many letters from grateful mothers whose children owe their health, and even life, to Vinol. The following letter from Mrs. C. Allen of New Bedford, Mass., tells what Vinol did for her children. She writes:

"I have two puny, ailing children. I was very much worried, and did not know what to do to create strength for them and to have them gain flesh. I tried almost everything, and as a last resort Vinol, and the benefit from that was great in a very short time. They are rapidly gaining flesh and strength and I am satisfied Vinol will do as much for other children."

"It is because we know what Vinol will do that we guarantee it if it fails to make your children well, rugged and rosy, to refund your money."

For Member Board of Education, Second  
Ward,  
**CHARLES G. RUTLEDGE.**

The suggestions regarding the "re-  
form" meeting in the Journal Thurs-  
day morning stirred things up in fine  
shape and drew from the evening  
sheet a whole column almost, but as  
usual all it had to say was: "You're  
another." It cannot and dare not  
deny what the Journal suggested.  
There was no semblance of fairness  
in the speech referred to at the "re-  
form" meeting and the Courier  
knows it.

The candidates for board of educa-  
tion on the Republican ticket are men  
who should be supported. Mr. Rut-  
ledge has been in the office and has  
shown his ability and integrity in  
the management of its affairs. Mr.  
Birkenhead is a gentleman who can  
always be relied on to do what will  
be for the welfare of the rising gen-  
eration and he is intelligent and pro-  
gressive. Give them both a hearty  
support.

The real issue before the people at  
the coming election is progress and  
anti-progress. Shall the city continue  
to go ahead in enterprise, permanent  
improvements, adornments, financial  
stability, promptness in meeting its  
obligations; or shall it take a step  
backward if not a long march in the  
backward direction. During the past  
four years the municipality has made  
greater advances than during any  
similar period of its corporate exist-  
ence. It has done paving, erected  
structures which are a delight to the  
eye, it has met all obligations prompt-  
ly without undue borrowing and in  
general it has gained an excellent  
reputation. Shall we go back on all  
these things and stand for retrogression  
and no progress? That is the real  
issue. Mr. Davis has well manifest-  
ed his ability in this respect. He has  
done more than any of his predeces-  
sors in this regard and his defeat  
would be a calamity for the place.

There is nothing much meaner or  
more reprehensible than trying to rob  
a man of credit justly due him. It is  
akin to theft of another person's  
goods. It was John R. Davis, mayor  
of Jacksonville, who began the steps  
which resulted in the last river water  
supply ordinance. It was John R.  
Davis who set the enterprise on foot,  
placed himself in communication with  
the proper persons and did what  
was necessary to bring about the con-  
tract, which, if completed, will be the  
greatest step for progress ever taken  
in the history of Jacksonville. Great  
credit is due Mr. John A. Ayers for  
the part he took in the matter. He  
has unselfishly devoted much time  
and energy to the work and some  
money also. He has aided the mayor  
right along and there is no disposi-  
tion to rob him of any credit, but the  
statement of the Courier that the af-  
fair was under way for a week be-  
fore Mr. Davis knew of it is wholly  
untrue and unjust.

## STATE LEGISLATURE.

Springfield News: With nine votes  
in opposition and 112 votes in favor,  
the Stead-McKinley anti-trust bill  
passed the house this morning. The  
chief feature of the bill is its sec-  
tion against the well known combi-  
nations of fire insurance companies and  
their agents, against which Attorney  
General Hamlin proceeded at Belle-  
ville under the common law. This  
suit is now pending in the higher  
courts.

Mr. McKinley, co-author of the bill,  
was the only one to speak for the  
measure.  
Local option goes over until Tues-  
day. The house committee on ju-  
diciary took up the bill yesterday af-  
ternoon and defeated the material  
amendments offered. These struck out  
the county option and the precinct  
combination features. The attitude  
of the committee in these important  
matters indicated that the bill will  
probably be reported out without  
change. It was the intention to re-  
sume consideration of the bill this  
afternoon, but owing to other mat-  
ters it will go over until Tuesday.

The house took up the discussion  
of the present law in relation to vot-  
ing for members of the general as-  
sembly. The amendment seeks to  
specify how every possible marking  
of ballots shall be counted. Mr. Dai-  
ley, chairman of the committee, ex-  
plained the bill at length and several  
amendments were offered, none of

which seemed to be well understood.  
Finally it was suggested that in view  
of the importance of the bill further  
consideration be postponed until next  
Tuesday.

## RAILROAD NEWS NOTES

D. T. Campbell, claim agent for the  
Alton, of Springfield, passed through  
this city yesterday on train 10.

C. P. Bonis, trainmaster for the  
Alton, of Roodhouse, was in the city  
yesterday on company business.

The Boston Bloomers, ladies' base  
ball club, coach passed through this  
city yesterday afternoon on the Bur-  
lington local freight, north bound.

The Burlington carpenter gang,  
under Foreman G. F. Herbert, of  
Beardstown, have finished work on  
the stock yards and have now started  
to repair the freight house.

H. E. Pollard, traveling auditor of  
the Burlington, was in the city yes-  
terday on company business.

John Schroeder has taken a place  
with the C. & A. at Whitehall as  
baggage man, to succeed Geo. Norris.

Charles P. Smith has resigned his  
place as section foreman for the Bur-  
lington at Whitehall. He has been  
in the employ of the road for thirty-  
two years and his many railroad  
friends will regret to learn of his  
resignation.

## DREADFUL ATTACK OF WHOOPIING COUGH.

Mrs. Ellen Harrison, of 300 Park  
Ave., Kansas City, Mo., writes as fol-  
lows: "Our two children had a se-  
vere attack of whooping cough, one  
of them in the paroxysm of coughing  
would often faint and bleed at the  
nose. We tried everything we heard  
of without getting relief. We then  
called in our family doctor, who pre-  
scribed Foley's Honey and Tar. With  
the very first dose they began to im-  
prove and we feel that it has saved  
their lives." Refuse substitutes. For  
sale by J. A. Obermeyer, City Drug  
Store.

## FLAGS ARE RETURNED.

Springfield, April 6.—The United  
States government having returned to  
the state museums all the colors of  
Illinois regiments which had been  
in Washington, Custodian Swales is  
in a quandary to know where to put  
them and how to display them. These  
flags were captured during the civil  
war by confederate soldiers and after  
nearly a century have been returned  
to the national government, which has  
been custodian ever since. It has re-  
quired a special act of congress to re-  
move them from Washington to Illinois.  
The flags arrived here this week.  
They are torn and tattered like many  
of those that stand in the cases of  
memorial hall. These cases are full  
and it is hardly possible to place any  
more flags in them. Mr. Swales, how-  
ever, will try to place the colors with  
their brigades. The colors returned  
are as follows: The Eleventh Illi-  
nois, the Thirty-fourth, the Sixty-  
first, the Fifty-fifth, the One Hun-  
dred and Fourth, the Fifty-fifth, the  
Sixty-second, the Seventy-ninth and  
the Twenty-eighth. The mementoes  
are much prized by Illinois soldiers  
and their arrival is a valuable ac-  
quisition to the relics of memorial hall.

## DANGEROUS VERTIGO

Dizziness or Swimming of the Head  
Associated With a Sense of Full-  
ness, Dull Pain or Nervous Sick  
Headache is a Certain Indication  
of an Oncoming Apoplexy or  
Paralysis.

## DR. A. W. CHASE'S NERVE PILLS

If the person subject to attack of  
dizziness or swimming of the head,  
commonly called vertigo, would only  
stop to realize that these symptoms  
are not a disease in themselves, not  
temporary ailments, but the plainest  
sort of warnings from nature of  
grave troubles of deeper origin,  
of an exhausted nervous system or of an  
oncoming apoplexy, epilepsy or pa-  
ralysis, the matter would receive  
prompt attention. Dr. A. W. Chase  
knew this and provided the cure in  
his celebrated Nerve Pills, a medicine  
that brings back the glow of health  
and strength by its power to furnish  
just what the ill-fed, half starved  
nervous system needs, good, rich,  
wholesome blood and nerve force or  
energy.

Mr. E. Smith, of No. 1 Union  
Street, Troy, N. Y., says:

"I used to suffer constantly from  
nervous headache and dizzy spells.  
They came on at any time and in any  
place—I was never safe from them—  
stooping over always resulted in ver-  
tigo—my head pained me as well. I  
got a box of DR. A. W. CHASE'S  
NERVE PILLS and they cured the  
trouble rapidly, easily and completely.  
It is the best medicine I ever took.  
I am as sound as a dollar again in every  
particular and very glad to recom-  
mend it to any one in a similar con-  
dition as a safe and certain cure." 50c  
a box at dealers, or Dr. A. W. Chase  
Medicine Co., Buffalo, N. Y. Por-  
trait and signature of A. W. Chase,  
M. D., on every package. For sale

square, Jacksonville, Ill.

## ILLINOIS NEWS ITEMS

**Independent Telephone Com-  
pany for Menard County—  
Church Mortgage Burned—  
\$82,000 Wedding Gift.**

Petersburg.—The Interstate Tele-  
phone company is preparing to install  
a complete service in Menard county.  
The work of construction has not yet  
been started, but it is expected that  
considerable progress will have been  
made by the middle of April. There  
are now nearly 100 subscribers and  
the company desires to secure an  
equal number before commencing the  
construction work. The company ex-  
pects to put in its lines at Peters-  
burg, Athens and Tallula. At the  
first named place the Bell people have  
been in business for the last twenty  
years without competition.

Aurora.—In a letter read before  
the First Baptist church of Urbana,  
Rev. James Albert Brown, pastor of  
the First Baptist church of Aurora,  
formally accepted the call to the pas-  
torate recently extended to him, and  
stated he would begin his ministry on  
May 1. The members of the Urbana  
church are highly pleased, as there  
has not been greater unanimity in  
the call to a pastor in the history of  
the church.

Chicago.—John Parson, treasurer  
of the Illinois Sunday School associ-  
ation, has bought a seat in the New  
York stock exchange as a wedding  
present to his son, John Parson, Jr.,  
who is to be married on the 10th inst.  
to Miss Pearl Lavery of Chicago.  
The seat cost \$82,000, the highest  
price ever quoted for a seat on the  
New York exchange.

Moline.—United Presbyterians of  
Moline will burn their church mort-  
gage. The evening is to be a notable  
one in the history of the church. Less  
than five years ago the United Pres-  
byterians were holding services in  
the art gallery. Not only will the  
mortgage be burned, but annual  
reports of officers will be heard and  
new officers will be elected. Various  
societies auxiliary to the church will  
also render reports on the work of  
the past year.

Danville.—Rev. W. W. Russell, the  
colored minister who held a revival  
in the Baptist church at Danville  
during the month of February, has  
passed the civil service examination  
for appointment to the position of  
foreman of a construction gang on  
the Panama canal, with a percentage  
of 95, and has been notified of his ap-  
pointment by the government.

## ALLOWANCE FOR EDUCATION OF EMMA KUBIECK.

Springfield News: The house com-  
mittee on appropriations is to be as-  
ked to make an allowance for the edu-  
cation of Emma Kubieck, Illinois  
Helen Keller.

The little girl, deaf, dumb and  
blind, and just learning the rudimen-  
tals, is in the city to day with her  
teacher, Mrs. Helen Jordan of the  
State School for the Blind at Jack-  
sonville, who has been teaching her.  
The child will be taken before the  
committee and a demonstration of  
her talents and what has been done  
for her will be given.

She is the only child in the state,  
so far as known, who has given such  
promise to following in the steps of  
Helen Keller.

Emma Kubieck, aged 9 years, was  
born on a farm near Edwardsville.  
Her parentage is Bohemian. With  
her is her teacher, Mrs. Helen Jor-  
dan, instructor at the Institution for  
the Blind at Jacksonville, a most  
charming woman, who has started  
the little girl right and is doing for  
her what Miss Sullivan did for Helen  
Keller.

This child is entirely shut out from  
the world just as Helen Keller is, be-  
ing blind, deaf and dumb. But after  
three terms at the Jacksonville school  
she is able to say the word "Mamma,"  
repeated from the lips of Mrs. Jor-  
dan. There are several other words  
which she says, and says them well.  
She is a child of special talent and  
ability and it is the hope of her  
friends and Mrs. Jordan that such  
pains may be taken with her educa-  
tion that she will become just such a  
woman as Helen Keller is. This they  
hope to do through the appropriation  
committee.

The comic Tat-too is quite  
funny as played by Jeffries' band  
Thursday.

## MATRIMONIAL

TAYLOR-PROCTOR.

Saturday evening at 8:30 o'clock, at the home of Rev. A. B. Moray on West State street, occurred a very quiet wedding, when Miss Bertha Viola Proctor became the wife of Wilbur C. Taylor. Only immediate relatives were present, and the wedding was for a time kept even from their nearest friends.

The bride is the oldest daughter of Mrs. A. V. Proctor and has hosts of friends in this city, who will wish her great happiness in her married life. The groom is the son of Mr. and Mrs. George Taylor, and is an industrious young man in the employ of the Hall-McDougall Blacksmith company.

CANTRAM-SCHAFFER.

Thursday afternoon Squire Gray was called on to perform the marriage ceremony for Augustus Cantrall and Miss Myrtle Schaffer, both of this place. They are respectable colored people and will make Jacksonville their home.

STANTON-REYNOLDS.

Relatives in this city have received announcement of the wedding of Mrs. Sadie Reynolds and Mr. Guy Stanton, both of Pittsfield. The ceremony was performed Saturday last.

Awnings at Calky's.

SUCCESSFUL SOCIAL.

The rubber social which was given in the Christian church Thursday evening was a success in every particular. A large number of persons were present and the occasion proved to be a most enjoyable one. Prizes were awarded to the persons who had collected the most rubber. The winners were: Frank Huffaker, fountain pen; Miss Mabel Brown was given a nice cake and Tracy Alexander was given a book. The rubber contest created a great amount of amusement, as did the excellent program, which was rendered as follows:

Recitation—"Mabel Smith."

Recitation—"Sister's Best Best"—

Ethel Vasconcellos.

Quartet—Mrs. Green, Miss Marie Finney, William Happy and Mr. Buyer.

Recitation—"When I'm a Man"—

Harold McGinnis.

Piano solo—Miss Susan Sage.

Recitation—"Entertaining the Minister at Tea"—Katie Clarkson.

Duet—Misses Lee and Grace Turley.

Recitation—"The Bald Headed Man"—Edna Pierson.

Violin and piano solo—The Misses McPhail.

Delicious refreshments were served, which added much to the pleasure of the evening.

The success of the affair was largely due to the efforts of Mrs. William Fell, of the South Side Aid society, and Miss Eleanor Thompson, of the Y. P. S. C. E.

Save ½ on millinery at Leader.

COLORED VOTERS.

The political campaign committee of the Young Colored Men's Republican club met last night and decided to hold a meeting in the interest of the Republican ticket next Wednesday at Republican city headquarters in the Yates building. The meeting will be addressed by the city candidates, the aldermanic candidates of the different wards and other prominent Republicans. The meeting will be public and likely one of the largest of the campaign.

Lovers of beautiful furniture are invited to our grand opening Saturday. Galbraith Furniture & Carpet Co.

STUDENTS' RATES.

For Easter holidays. For rates, dates and limits call on C. P. & St. L. C. J. Bradac, Agent.

## MORGAN COUNTY DENTAL SOCIETY

Quarterly Meeting Held at Dunlap Hotel—Clinic in the Afternoon—Business Session in Evening—Session One of Deep Interest.

The third regular meeting of the Morgan County Dental society, held at the Dunlap house Thursday afternoon and evening, was well attended, nearly all the members being present. A number of trade representatives were also present and the two sessions held were of deep interest to the members of the profession.

The afternoon session consisted of a clinic held in the writing room of the hotel, which was furnished for the occasion. The program was as follows:

Porcelain Inlay and Baked Porcelain Crown—Dr. F. E. Ronch, Chicago.

Bridge Work and Attachments—Dr. Fulton, Virginia.

Quick Repair—Dr. Smith, Virginia.

Crown—Dr. Sawyer, Jacksonville.

Demonstration—Extracting with Somnoform.

Supper was served the visiting dentists by those of Jacksonville, after which a session was held in the hotel parlors, opened with an address by the president, after which the following papers were given:

Removable Bridges (Illustrated with models)—Dr. Ronch, of Chicago.

Discussion.

Inconsistencies in Dentistry—Dr. Reed, Jacksonville.

Discussion.

At the regular business meeting which followed various matters came up for discussion and a vote of thanks was given Dr. Ronch, of Chicago, for his able work and services at the meeting.

Among the dentists from out of the city who were in attendance were: A. B. Carey, of Pittsfield; G. B. Carey, Perry; Q. E. Conroy, Griggsville; O. A. Pennock, Griggsville; W. L. Wilcox, Chandlerville; R. V. Hurdle, Mt. Sterling; G. B. McKinney, Barry; G. W. Smith, Virginia; Joseph Fulton, Virginia; F. E. Ronch, Chicago; J. E. Hinkins, Chicago; F. F. Worthen, Keokuk, Iowa; H. D. Condit, Chicago, the last two representing dental houses, and W. B. Webber, of the Sanitol company, St. Louis.

WESTMINSTER BAZAAR.

The house cleaning bazaar, which was held at the Westminster church Thursday afternoon by the Ladies Aid society, was a success in every particular. The large assortment of dust caps, broom covers, garden hats, aprons and home made candy sold readily. The attendance was exceedingly large and every one departed well satisfied with their purchases. The success of the affair was largely due to the efforts of Mrs. W. T. Brown and Mrs. W. C. Self.

ALFRED SPEER'S SURPRISE

Well Known Business Man Tells of Peculiar Experience.

Few business men are better known throughout the country than Alfred Speer, of Passaic, N. J. Although he is over 81 years of age and the head of a large concern, as well as the editor of the Passaic Item, yet he found time to write the following letter, hoping that it would be of interest and benefit to our readers:

"To the Editor—

"I cannot keep from expressing my surprise at the wonderful relief and benefit I derived from the use of Hyomei. For some years past I have been a victim to nasal and throat catarrh, and during that time have expended a great many dollars to specialists, and had my throat sprayed, washed and smoked-week after week. The first time I used Hyomei I was surprised at the change it brought. This was a few months ago, and I have used it occasionally since. It makes me so well that I often forget and neglect its use for several days, but each time when I breathe it the hawking and discharge cease, and it is wonderful how it acts.

"I am over 81 years of age, and careful not to praise anything until I know what I am about.

"Respectfully yours,

"Alfred Speer."

The complete Hyomei outfit, including the inhaler, costs but \$1.00, while extra bottles sell for 50 cents. You run no risk whatever in buying it, as Hatch will sell it under his personal guarantee to refund the money if it does not relieve. Ask Hatch to show you a copy of our guarantee.

## CONDENSED STORIES.

Effect of Jacob Riis' *Shadows on a Crowd of Newboys.*

Some people have noticed the resemblance in mouths and teeth between Jacob Riis and President Roosevelt, says the New York Times. This resemblance once meant a great deal to 100 newboys. They had been treated to one of their famous dinners, where juicy cart wheel mince pies were the star number of the menu.

Jacob Riis and the chief of police were standing at the back of the dining hall where the feast was served, watching the boys file in.

"I SAY, CULLY, ANTE UP DE PIES!"

As fast as they were seated the pies, of which there was one at each plate, began to disappear.

Riis had commented on the number of pies before the boys entered, and he now noticed that two-thirds of them were gone.

"Where are they?" he inquired of the chief.

"Put away in the blouses," was the answer, "and done so slick that no cop has ever been able to catch them at it."

Just then helpers, who evidently understood the situation, came around with more pies.

The boys began to take note of the visitors, and one at the head of the table said to his neighbor:

"I say, cully, there's Teddy Roosevelt up there grinning at us. Ante up de pies!"

And as if by magic Riis and the chief beheld fifty or more juvenile blouses open and give forth half a hundred pies.

## Maine's Modest Governor.

The late Hon. Abner Coburn, the millionaire lumberman of the Kennebec, was elected governor of Maine in 1882. The following spring he visited the Maine troops in the Army of the Potomac just prior to the battle of Chancellorsville. At the camp of one of the regiments arrangements were made for the governor to address the soldiers.

He was a true patriot and a great lumberman, but did not excel in oratory. After a few commonplace remarks he evidently thought his position as chief executive of the state demanded something more elaborate, and, raising his voice to the highest pitch, he shouted:

"Boys, you believe in the republic, and so do I. You are a long way from home, and so am I. You hail from the great state of Maine, and so do I. You are faithful to your state, and so am I."

The remainder of the speech was drowned by laughter and cheers.—Boston Herald.

Wrong Washington.

A colonial restaurant in the neighborhood of the Waldorf-Astoria furnishes, among other old-time dishes, a dessert called Washington pie. This confection is made of cake, with custard between the layers and whipped cream or custard on top.

A short time ago two patrons were lunching there, and one of them ordered Washington pie. When his order was placed upon the table he saw that it was made of chocolate instead of ordinary custard.

"Fshaw!" said he. "I thought they knew I meant George and not Booker T."—New York Times.

Bishop Potter and the Women.

When Bishop Potter was asked the other day what he thought of woman suffrage he made the diplomatic reply:

"My dear madam, I have got away beyond that; I am trying to make the best terms with the sex that I can obtain."

This brings to mind the mot of William M. Everts when asked by a lady if he did not think that woman was the best judge of woman.

He replied: "Not only the best judge, madam, but the best executioner."—Boston Record.

## PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organization.

More than fifty thousand women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes of 540 N. Davidson Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham:—Your medicine is indeed an ideal medicine for women. I suffered misery for years with painful periods, headaches and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the East advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural; every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound."

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham:—I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Vegetable Compound. Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

When women are troubled with irregular, suppressed or painful menstruation, leucorrhea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating, (or flatulency), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound, at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

## LIVES DEARER THAN OUR VERY OWN

How many lives dearer to us than our very own have been placed in needless jeopardy by failure to provide against the great anxiety which too frequently accompanies and follows the bearing of children? That we would do anything within our power to obviate the possibility of such an happening is too patent to admit of question; therefore—mark well this fact—a liniment;

## MOTHER'S FRIEND

by name, has been devised, whose function it is to prepare in advance the muscles and tissues intimately associated with parturition.  
This liniment is for external application. By its use the parts are relaxed and enabled to withstand not only the actual strain brought to bear on them during accouchement, but also to rally from this ordeal and speedily regain their normal proportions and tonicity. It is not irritating to the most sensitive surfaces, and is applicable to all cases. It's not enough to call it Mother's Friend—it's the friend of the whole family. \$1.00, all druggists. ## MUSICAL SNAILS:

Marvelous facts are given to us by the hardworking scientists. Many of the inconspicuous members of the lower orders have been brought to our respectful admiration by the naturalists. Now it is the slimy snail that commands our admiration. A German scientist points out that the snail can draw immense weights, and now a Frenchman claims that there are few, if any, animals which have a keener appreciation of music than snails. This naturalist is M. S. Jourdain, and he expresses his views on the subject in a paper which he has read to the French Biological society. Place some snails on a pane of glass, he says, and you will find that they will make sounds similar to those which a person can produce by wetting his fingers and rubbing them around a tumbler. Complete airs, he thinks, can be produced in this way. This may be the next vaudeville novelty.

Does the Senator Remember?  
"Don't you remember the box of flowers in front of the cabin door when you were a boy? Don't you remember the violets growing there?" asked Senator Pettus in a recent speech. Do we, senator? Well, we guess yes. And, gee whiz, the soro too, senator! Don't you remember it? And the sun peeled back from goin' in swimmin' in the meadow dam, and the sorenness just south of the back from the maternal palm when we brought the sore back home! Don't you remember it, senator? And the mumps and the measles and the stone bruise on the heel and the feeling of exultant pride which swept through our whole system after we had licked the fellow who dared to knock a chip off our shoulder! Ah, senator, don't you wish we were boys again?—Denver Post.

## The Chloroform Age.

There was nothing new in Dr. Ogler's little joke about applying chloroform at the age of sixty. The idea antedates the discovery of chloroform by twenty-five centuries or so. One of the Greek islands in the Aegean sea is called Ceos. The traditions of this island are exceedingly old. The place is chiefly renowned now for its raisins, but there was a time when it was famous for its laws. The excellence of these laws was so generally recognized that the phrase "Ceon laws" passed into a proverb. One of these "excellent" laws, which "forbade a citizen," in the language of the Encyclopaedia Britannica, "to protract his life beyond sixty years, affords a curious instance of the application of the utilitarian principle."

## Odd Names For Newspapers.

The names of American newspapers are a study in nomenclature. In Arkansas are the Buzz Saw and the Back Log; California, the Condor, the Wasp and the Tomahawk; Colorado, the Rattler and Yesterday and Today; Iowa, the Postal Card, the Unit, the Nucleus and the Firebrand; Kentucky, the Salt River Tiger, the Push, the Boomer; Missouri, the Missing Link and the Cyclone; Nevada, the Rustler. Oklahoma rejoices in the Dinner Bell and the Plain People. South Dakota has the Plain Talker. In West Virginia is the Irrepressible. Missouri has the Orange and the Entering Wedge. Wyoming reads Bill Ballon's Budget.—Philadelphia Ledger.

## The Ice Cold in Tibet.

One who went with Colonel Younghusband to Lassa wrote of the hardships encountered as follows: "Despite the protection of almost Arctic clothing one shivers until the sun rises over the eastern hill at 10 o'clock and shivers again when it sinks behind the opposite one at 3. Ice winds sweep the valley, and hurricanes of dust invade one's tent. Against this cold one clothes oneself in flannel vest and shirt, sweater, flannel lined coat, postleer or Kashmir sheepskin, wool lined Gilet boots and fur or woolen cap with flaps meeting under the chin. The general effect is barbaric and picturesque."

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. Sold by J. A. Obermeyer, City Drug Store.
